

MONASH
University

**UNDERGRADUATE
COURSE
GUIDE
2022**

A woman with dark hair in a ponytail, wearing a white t-shirt and a blue skirt, is sitting on a black bench. She is looking down at a laptop with a green and white patterned cover. Above her, the word "change" is written in a glowing neon sign. The background is a plain, light-colored wall.

change

IF YOU DON'T LIKE IT, CHANGE IT.

For 60 years, we've been working to change the world, and we're not about to stop. At Monash, we see challenges as opportunities to make things better.

It's hard to imagine a time when the need to make positive change has been greater than now.

We want you to help us do it.

Whether you want to change your life, your career, your community or the world, your journey starts at Monash.

As a university with a global footprint, we know we have to play our part in solving the problems facing the world.

That's why all Monash students, lecturers, researchers, professional staff, alumni and supporters contribute to making real change.

You, too, have the opportunity to step up and make a difference.

Are you ready?

Ready to make a change? **Scan here** to learn more.

A GLOBAL COMMUNITY

Monash University is truly a global university. Our main base is in Australia, but our presence extends to locations in Malaysia, China, Indonesia, Italy and India. We also deliver awards in partnership with many international teaching institutions. Through our shared values, experiences and goals, we are more connected now than ever.

Each Monash campus has its own personality, and all are friendly, welcoming communities where you'll feel at home.

ITALY

Prato

In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units covering design, law, business and more.

MALAYSIA

Kuala Lumpur

Monash University Malaysia is our third-largest campus, with more than 8000 students undertaking courses offered across seven schools.

INDONESIA

Jakarta

Research intensive and industry engaged, Monash Indonesia is a postgraduate campus for future leaders – those seeking master's and PhD degrees, as well as executive programs and micro-credentials.

MELBOURNE AUSTRALIA

Clayton

Our biggest campus, home to 38,000 students and nine of our ten faculties. Everything you need is on campus – food outlets, sporting facilities, health services and more.

Caulfield

Our Caulfield campus hosts 19,000 students, and is our base for Art, Design and Architecture, and Monash Business School as well as some Arts and IT courses.

Parkville

Our dedicated Pharmacy and Pharmaceutical Sciences campus hosts 2000 students and is part of Australia's leading health and biomedical precinct.

Peninsula

A coastal home to approximately 4000 students, our Peninsula campus offers courses from the Faculty of Education and select courses from Monash Business School. Partnering with leading players in primary and allied healthcare, we also offer a number of courses from the Faculty of Medicine, Nursing and Health Sciences.

INDIA

Mumbai

Bustling Mumbai is home to the IITB-Monash Research Academy, a collaboration that gives PhD students opportunities to work closely with industry to find solutions to global problems.

CHINA

Suzhou

The Southeast University-Monash University Joint Graduate School offers masters and PhD study options in areas ranging from industrial design and IT to business.

GET AHEAD WITH MONASH

From day one, a Monash education sets you on the path to future career success.

Our programs and platforms offer work-integrated learning experiences and engagement with industry. You'll develop an enterprising mindset, hone your employability skills, and gain a competitive edge in the graduate employment market.

Career Connect

Our Career Connect program gives you access to experienced coaches and industry-based professionals. Take part in employability workshops, small-group career conversations and, in your final year, one-on-one coaching. monash.edu/career-connect

Student Futures

Our Student Futures platform allows you to collate the real-life skills that will show employers you have what they're looking for, taking into account not just your university activities, but those that are part of your 'outside' life – paid work, family responsibilities, and contributing to your community. monash.edu/student-futures

Develop leadership

While studying, you'll be encouraged to foster the skills for effective leadership that will enable you to bring out the best in yourself and the people around you. monash.edu/students/leadership

Monash Talent

With our employment service, Monash Talent, you can start your career search without stepping foot off campus. We have a team of recruitment specialists who'll connect you with reputable employers and match you with jobs that suit your skills and passions. monash.edu/talent

Mentoring

Throughout your studies, you'll have the opportunity to be a mentor or be mentored. You can share or gain insights about life at university, career planning, building employability, as well as future goals. monash.edu/mentoring

Work-integrated learning

Incorporate professional experience into your studies through clinical placements, fieldwork, study tours, placements, or internships. monash.edu/students/future-work/experience/wil

SCHOLARSHIPS TO UNLOCK YOUR TALENT

Our doors are open to the curious,
the optimistic and the change-makers.

A scholarship will help you make the most of your time at university. And that's why we have more than 400 types of scholarships. Here's just some of the types of scholarships we offer:

Academic scholarships

We want as many bright minds as possible to benefit from a Monash education. Our Sir John Monash scholarships aim to attract academically gifted students. And our faculties also offer scholarships for academically gifted students. But we also want to recognise those students who want to make a difference in the lives of other students by becoming mentors.

Equity scholarships

We recognise that sometimes your ATAR doesn't reflect your potential. If you're from a low-income background, have a disability or medical condition, live in a regional or remote area, are from an asylum-seeking background, or have experienced difficult circumstances, we offer scholarships to ensure that none of these factors prevent you from pursuing your dreams.

Indigenous students

We offer many scholarships for Indigenous students, with our faculties also offering opportunities to attend Monash through their own scholarship programs.

Accommodation scholarships

We offer scholarships to help cover the costs of your accommodation, and there are even scholarships to support any relocation costs if you're from a rural area.

At Monash, we believe in giving our students the best chance to achieve their potential.

The number of scholarships and grants offered each year varies. So find the right scholarship for you at monash.edu/scholarships

We want as many bright minds as possible to benefit from a Monash education. **Scan here** to learn about our scholarships program.

home of the Faculty of Education, Clayton campus.

FIND YOUR PATHWAY TO CHANGE

There's more than one way to start your journey. You might not have achieved the ATAR you needed, perhaps you want to return to study, or you're transferring from TAFE or another university – our pathways are here to help.

Image: One of the many leafy pathways at Monash University, Clayton campus.

The Monash Guarantee

The Monash Guarantee can get you into one of our courses even if you don't reach the course's lowest selection rank to which an offer was made. You could be eligible for the Monash Guarantee if you:

- have experienced financial disadvantage
- live in a low socioeconomic area
- are an Indigenous Australian
- attend a Monash-listed under-represented school.

Every Monash University course has a Monash Guarantee ATAR. For most courses, if you meet the criteria, achieve the Monash Guarantee ATAR and complete all course prerequisites, you'll be eligible for a place at Monash, however some exceptions do apply.

[monash.edu/guaranteedentry](https://www.monash.edu/guaranteedentry)

Special Entry Access Scheme (SEAS)

SEAS adjusts your ATAR in recognition of circumstances that may have affected your education. This gives you a better chance of getting an offer for the course you want. You'll receive adjustments depending on your personal circumstances. The adjustments are made to your combined study scores and your ATAR is recalculated. The recalculated ATAR will impact your selection rank which is used during the selection process.

Check out our SEAS calculator for an estimate of your SEAS-adjusted ATAR at [monash.edu/seas](https://www.monash.edu/seas)

Diploma of Tertiary Studies (DoTS)

If you completed Year 12 but didn't quite meet the entry requirements for your dream course, DoTS might be the pathway for you. On successful completion, you can get up to one year of credit towards a range of degrees in business, business administration, education or nursing.

Diploma of Higher Education (DoHE)

DoHE might suit you if you completed Year 12 but didn't quite meet the entry requirements for your preferred course, if you're returning to study, or would benefit from additional learning support. On successful completion, you can get up to one year of credit towards a range of degrees in education and science.

Monash Indigenous Entry Scheme

The Monash Indigenous Entry Scheme provides an entry point for Aboriginal and Torres Strait Islander students into a range of Monash courses. You'll also be eligible for internal transfer into other Monash courses, including law and engineering, subject to transfer requirements.

Monash Indigenous Access Program (MIAP)

If you're an Indigenous student and don't meet the requirements for direct entry through VTAC, you can apply for the MIAP. This program helps you develop skills to succeed in a university environment. MIAP is a full-time, fee-sponsored program that's ABSTUDY-approved.

Pathways to Law

If you identify as an Indigenous Australian, live in a low socioeconomic area or have experienced financial hardship, and achieve an unadjusted ATAR of 90, Pathways to Law can help.

In your first year, you'll study four law units along with four arts, commerce or science units. When you pass all law units with a credit (60 per cent) average, and achieve a credit average overall, you're guaranteed a place in the second year of the relevant double degree course. If you don't achieve the credit average, you can still continue the relevant single degree course and receive credit for all subjects you've passed. To apply, complete a Special Entry Access Scheme (SEAS) application through VTAC and enrol into one of the following courses:

- Bachelor of Arts (Law Pathway)
- Bachelor of Commerce (Law Pathway)
- Bachelor of Science (Law Pathway).

Monash Access Program (MAP)

MAP is a part-time bridging course for mature-aged students (21 or over). It'll prepare you for university study and give you a solid foundation to progress into a range of bachelor's degrees at Monash. There are no tuition fees, and priority is given to students who've experienced financial or other hardship.

Monash College

Monash College offers accredited diploma programs that lead to the faculties of Arts, Art, Design and Architecture, Business, Education (double degree courses), Engineering, Information Technology and Science at Monash. These diplomas provide the opportunity to enter the second year of selected Monash courses if you achieve the required academic standard.

They're all full-fee-paying courses, however scholarships may be available for Australian students who've experienced educational disadvantage. Monash College is owned and operated by Monash University.

TAFE/VET entry pathways

We recognise vocational qualifications from providers across Australia, and have priority partnerships and formal articulation pathways with selected Victorian TAFE institutes. If you've successfully completed a certificate IV, diploma or the first year of an advanced diploma, you could qualify for a place at Monash and be eligible for some credit towards your course for any graded TAFE/VET studies you've completed.

CHANGE HOW YOU LEARN.

STUDY ABROAD.

When you choose to study overseas, it's more than your surroundings that change – you'll experience new cultures and enhance your global perspective.

Many programs are supported by generous scholarships and assistance packages¹.

Semester exchange

Choose from more than 150 partner institutions in Asia, Africa, Europe and the Americas, gaining credit towards your degree while seeing the world.

Global study tours

Complete a unit overseas in two to four weeks. You'll learn from inspiring academics and classmates in places as diverse as China, Fiji, France, Chile, Indonesia or Rwanda.

Global work-integrated learning

Rub shoulders with US Congress, or intern with Oxfam in South Africa. Placements and industry projects are offered for credit as part of most degrees.

Swap your seasons

Make the most of your semester break. Travel to a vibrant city abroad and complete a short study program for credit.

Try Malaysia

Experience our Malaysia campus on the Global Intercampus Program (GIP). You'll also get the benefit of funding packages and in-country support services.

Italy awaits

Spend 4–12 weeks in Prato, Italy, completing a wide range of unit offerings such as Italian, law or criminology.

Funding while abroad

By applying for courses overseas, you're automatically considered for a share of more than \$2 million in scholarships.

Go global

Build a professional network while you're still studying. Our Global Discovery Program taps into the expertise of some of our brightest alumni – students have previously travelled to cities such as London and New York. Learn more at monash.edu/global-discovery.

Image: Monash Arts' international educational experiences give you the chance to get your hands dirty.

¹ Due to the Covid-19 pandemic, international travel restrictions are in place (at the time of printing). Consequently, our offer of study abroad programs will be dependent on and subject to international travel restrictions. For further information please visit monash.edu/study-abroad/study-abroad

LIVING ON CAMPUS

Start with a short stroll to class before lunch. Study on the lawns in the afternoon. Gyms, sports fields and even restaurants – they're all on your doorstep if you live on campus.

Scan here for an interactive tour of our Clayton campus.

GILLIES HALL

Peninsula campus' Gillies Hall is the largest commercial Passive House building in Australia, and is the most energy-efficient structure Monash has built. Gillies Hall won gold in the 'Architecture – Multi Residential – Constructed' category at the 2019 Melbourne Design Awards for its green credentials.

ON-CAMPUS ACCOMMODATION

On-campus accommodation is supported by live-in staff and student leaders, making campus life a breeze. There's also 24-hour security on campus, and a thriving events and activities program to help you settle into your new community.

Prices for on-campus accommodation range from approximately \$240 to \$306 per week¹. Applications are free and open in September. You can choose from traditional halls of residence, self-contained studio apartments or shared apartments.

With students from over 70 countries and the wide range of facilities on your doorstep, discover why on-campus accommodation is much more than just your room.

monash.edu/accommodation

Cost of living

Before you begin your studies at Monash, it's a good idea to plan and prepare a budget.

Here are some costs associated with living and studying in Australia, and should be used as an approximate guide. These figures are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things such as medication and other personal items, such as clothes. All costs are subject to inflation. Depending on your chosen degree, additional costs may apply for class materials and other course requirements. Please make sure you check any additional costs for your course before commencing your studies.

OFF-CAMPUS ACCOMMODATION

- Hostels and guesthouses \$90 to \$150 per week
- Shared rentals \$85 to \$215 per week
- Homestay² \$378 per week
- Rental \$165 to \$440 per week
- Boarding schools \$11,000 to \$22,000 per year

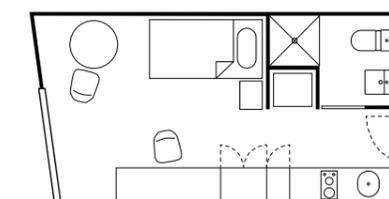

OTHER LIVING EXPENSES

- Groceries and eating out \$80 to \$280 per week
- Gas and electricity \$35 to \$140 per week¹
- Phone and internet \$20 to \$55 per week³
- Public transport \$15 to \$55 per week
- Car (after purchase) \$150 to \$260 per week
- Entertainment \$80 to \$150 per week

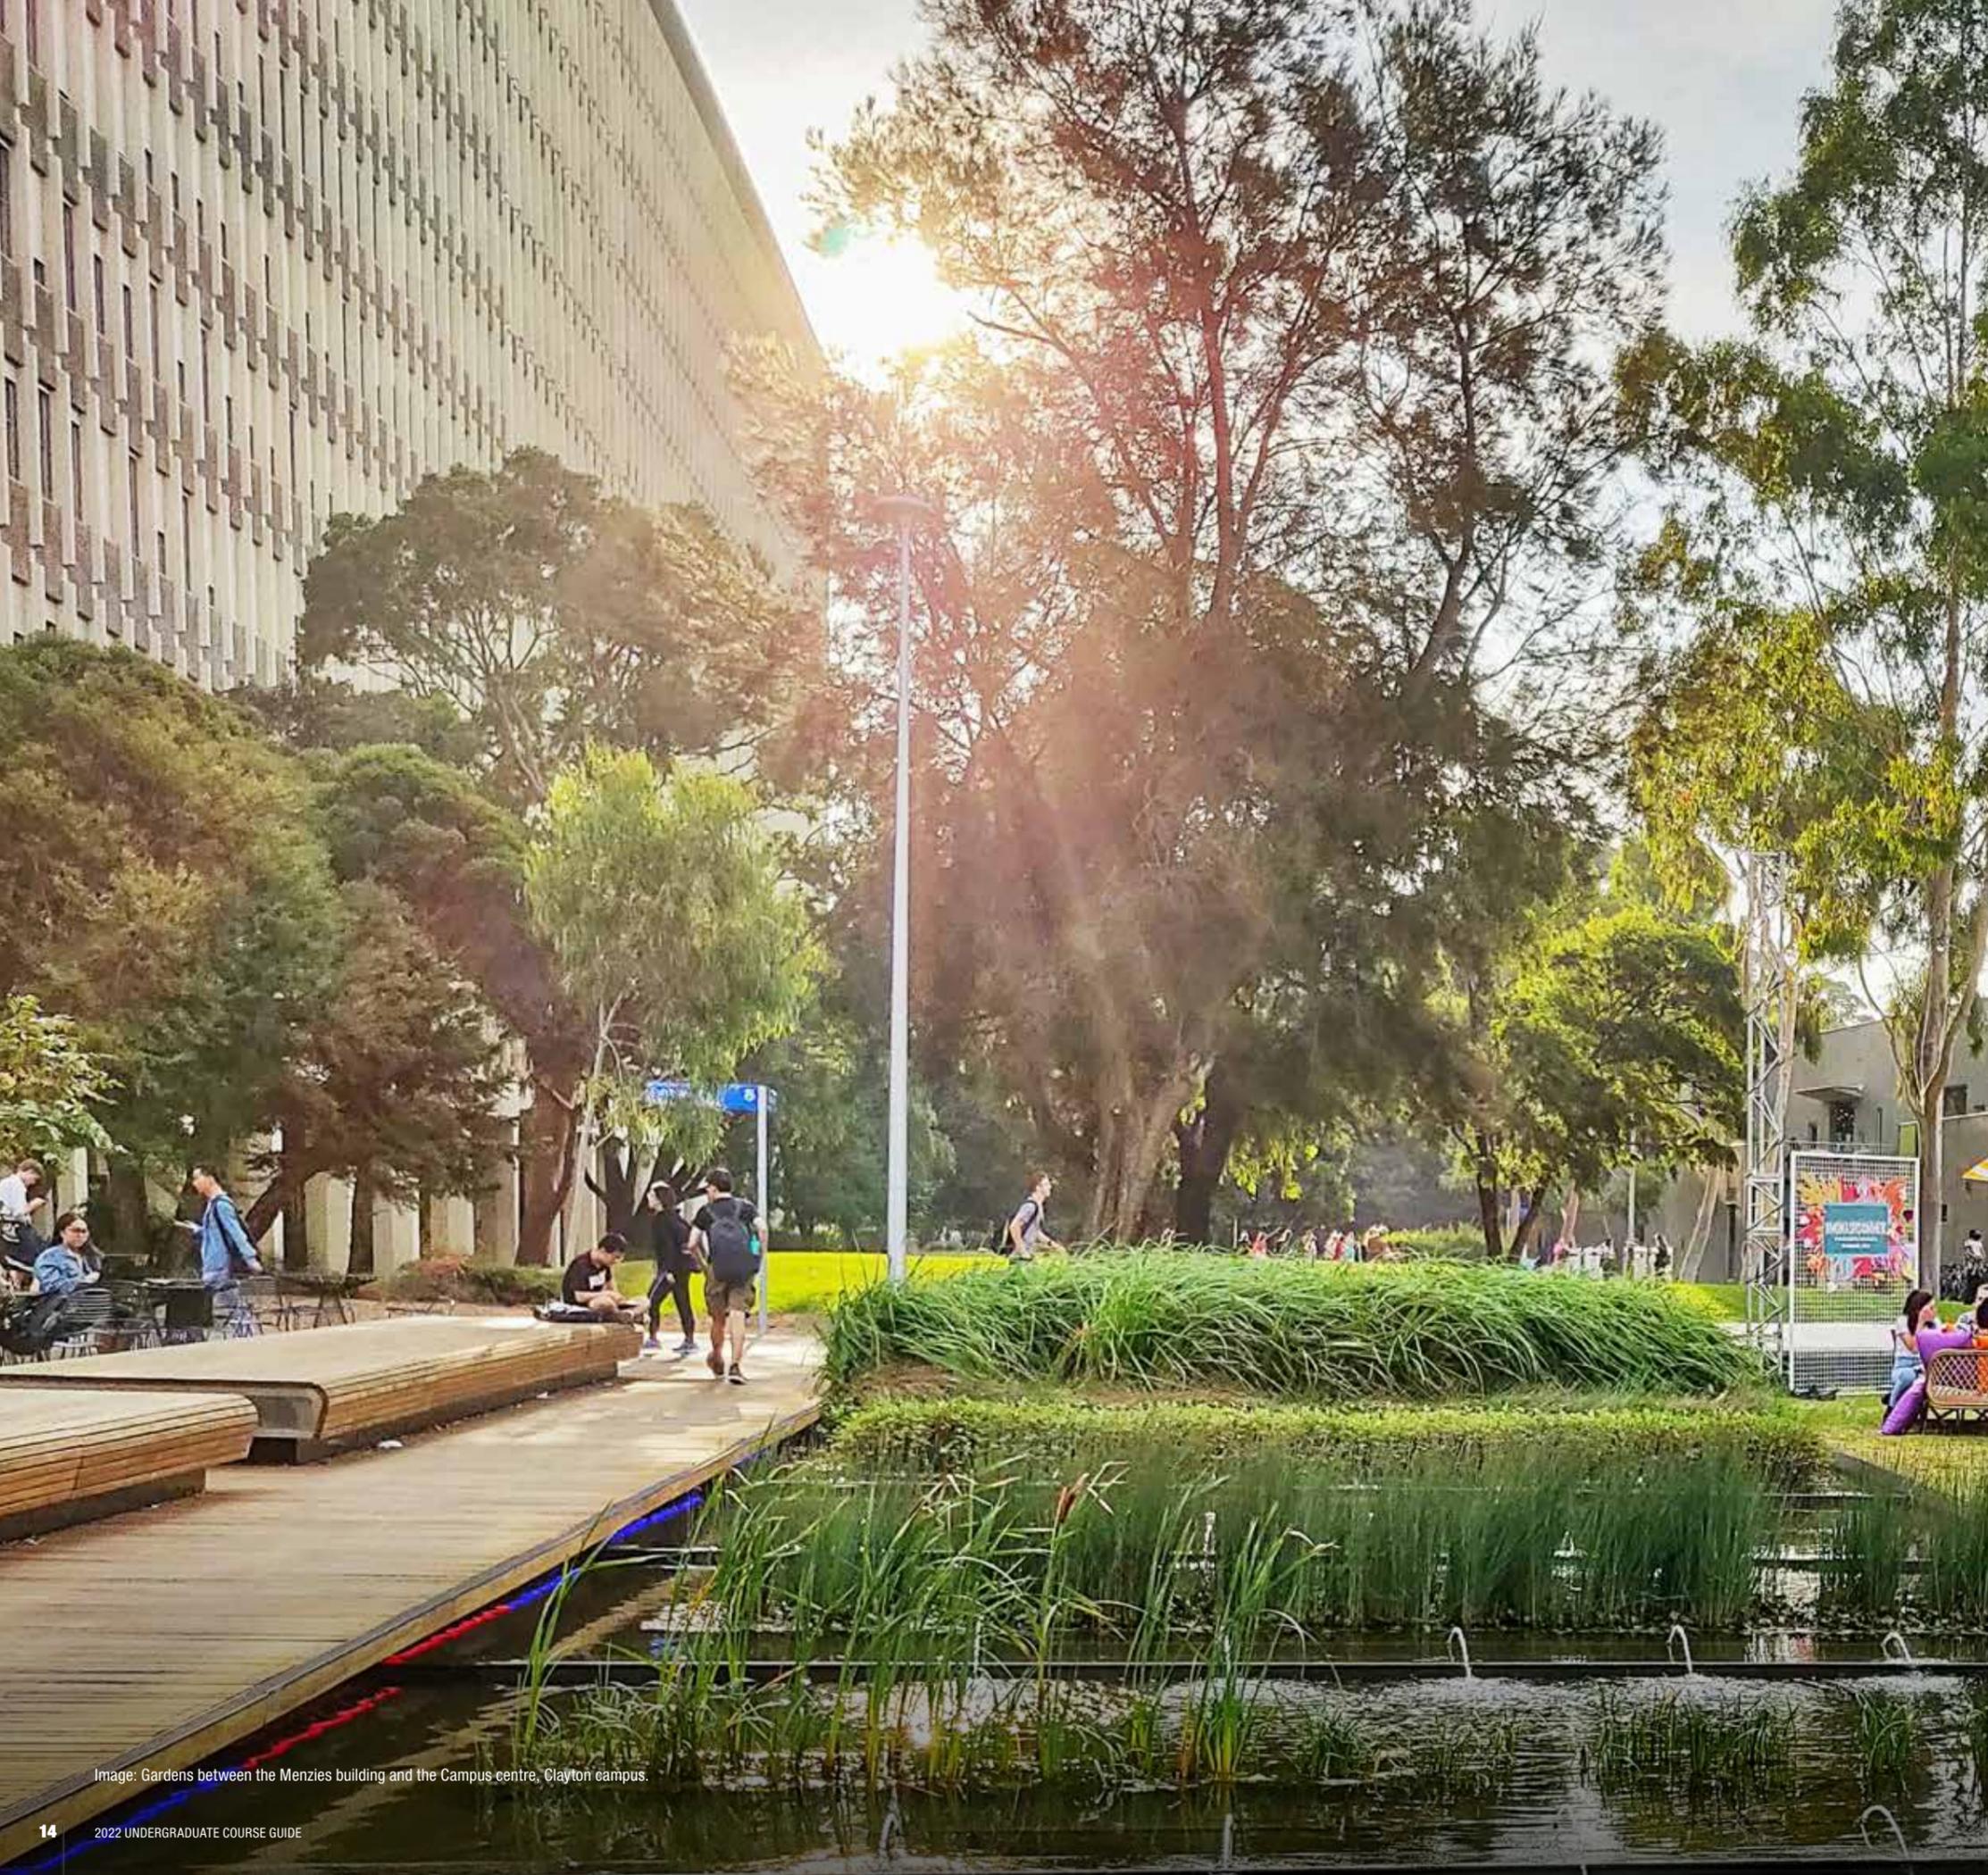

¹ The fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation cost includes gas, water, electricity, internet, residential parking permit and laundry. Details: monash.edu/accommodation/accommodation/pricing

² Any student under the age of 18 who chooses to stay in homestay must use the Monash Homestay Accommodation Service (HAS). monashcollege.edu.au/life-at-monash-college/accommodation/homestay

³ Prices shown here are based on a typical three-bedroom house.

Sample studio room

WE'LL SUPPORT YOU

Choose from a vast range of clubs, make friends and share unforgettable experiences.

We offer a range of student support services to make sure you get the most out of university life, including study skills, mentoring support, health and wellbeing services, financial aid, technology assistance, education and professional goals, and more.

We can also put you in touch with like-minded people to share information, build networks and get the support you need throughout your Monash studies. We recognise the richness and depth of our Monash community, and are committed to diversity and inclusion.

Visit monash.edu/students/support to learn more about:

- Monash Connect (support with enrolment, fees, accommodation and more)
- Career Connect (career, leadership and volunteer opportunities)
- cultural inclusion
- clubs and associations
- safety and security
- student news
- the William Cooper Institute – a hub for Aboriginal and Torres Strait Islander study, learning and engagement
- events and activities
- study programs
- self-development
- medical, dental, counselling and other health services
- disability support
- LGBTIQ support
- child care and parenting rooms.

We also have a peer mentoring program, to help you adjust from high school to university. Every first-year student will receive mentoring from a senior student in the same faculty.

Details: monash.edu/about/mentoring

Bachelor of ARCHITECTURAL DESIGN

COURSE CODE: F2001

Caulfield 3 years February and July

This studio-based degree is your first step to becoming an architect. You'll combine your creative vision and technical expertise to imagine new environments of the future and help shape society through great design in the built environment.

You'll study with award-winning architects, Monash academics and industry professionals and learn how to think beyond the building to create solutions that transform the way we live, creating spaces, places and communities that improve our quality of life.

Entry requirements

COURSE	⌚	ATAR ¹	IB ²	MG
Architectural Design	3	80	28	75
Double degree² with				
Engineering (civil engineering)	5	90.05	33	86

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL.

IB

English: Level 1. For prerequisite subject requirements, please refer to page 46.

Career options

Architectural writer and commentator, community development officer, historic building conservationist, interior design consultant, property developer, sustainable design consultant, theatre and set designer, urban design and planning consultant, urban informatics designer.

GUARANTEED ENTRY FOR MONASH STUDENTS INTO MASTER OF ARCHITECTURE

Monash students who have successfully completed our Bachelor of Architectural Design are guaranteed entry into our two-year Master of Architecture, which is the required pathway to become a registered architect.

Bachelor of DESIGN

COURSE CODE: F2010

Caulfield 3 years February and July

DEGREE AWARDED

The degree you're awarded will reflect your chosen specialisation.

Learn how to think like a designer to solve complex problems with curiosity, agility, experimentation and creativity.

You first apply for the Bachelor of Design, and then after your first semester, you choose your specialisation (Communication, Industrial or Spatial design). Or in your second year, you can change to Collaborative design.

All our design degrees are recognised by the Design Institute of Australia (DIA).

Specialisations

- Communication design
- Industrial design
- Spatial design
- Collaborative design.

Entry requirements

COURSE	⌚	ATAR ¹	IB ²	MG
Design	3	72.25	25	70
Double degree² with				
Business	4	83.10	29	78
Information Technology	4	80.25	28	78
Media Communication	4	80.70	28	78
Engineering (Honours) (mechanical engineering)*	5	90.40	33	86

* Only available with the industrial design specialisation.

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL.

IB

English: Level 1. For prerequisite subject requirements, please refer to page 46.

Career options

Communication design: communication designer, advertising art director, branding expert, digital animator, experience designer, graphic designer, information designer, interaction designer, mobile app developer, motion graphics designer, product packaging designer, web/UX designer.

Industrial design: industrial designer, digital product designer, experience designer, product and packaging designer, design consultant, furniture designer, lighting designer, public transport designer, automotive designer, service designer.

Spatial design: interior designer, experience designer, museum and exhibition designer, stage/set production designer, visual merchandiser.

Collaborative design: service designer, design strategist, interdisciplinary designer, social innovator, design entrepreneur, design researcher as well as many careers that haven't yet been imagined.

Bachelor of FINE ART

COURSE CODE: F2003

Caulfield 3 years February

Folio and written statement for the fine art specialisation only.

Our Fine Art degrees are unique, multi-disciplinary, studio-based courses that provide you with the options to explore the world of contemporary fine art. You can focus your studies through a hands-on practice-based approach or develop your knowledge as a specialist in art history and curating.

We'll foster your education and knowledge, and introduce you to key figures in the local and international art worlds to help you grow as a contemporary and future-forward artist.

Specialisations

- Art history and curating – develop a specialised knowledge of the art world and excellent communication skills.
- Fine art – where you can develop your contemporary art practice and complement your studies through a double degree.

Entry requirements

COURSE	⌚	ATAR ¹	IB ²	MG

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E). RC – Range of criteria.

² For double degree courses you must meet the entry requirements and prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL.

IB

English: Level 1. For prerequisite subject requirements, please refer to page 46.

Selection requirements

FINE ART SPECIALISATION

For single and double degrees, in addition to the ATAR-based selection process, you'll need to submit:

- a digital portfolio of 10-15 images of original work, and
- a 300-word written statement.

For additional information on extra requirements and how to submit your folio, please visit: monash.edu/study/courses/find-a-course/2021/fine-art-f2003.

Career options

Fine Art: artist collaborator, arts manager, contemporary artist, creative business entrepreneur, filmmaker, marketing or communications professional, museum or gallery professional, new media artist, studio manager, teacher.

Art History and Curating: art historian, arts journalist, arts programmer, collections manager, curator, gallery teacher, gallery owner, museum director, museum education officer, publisher, researcher, writer.

TOP 10 IN AUSTRALIA FOR ART, DESIGN AND ARCHITECTURE.

*QS World University Rankings by Subject 2020

Work-integrated learning

The Faculty of Art, Design and Architecture offers industry-focused electives that provide you with the opportunities for internships and industry placements with an organisation relevant to your field of practice.

AVAILABLE FOR ALL ARTS SINGLE DEGREES**Accelerated pathways to masters via the bachelor's/master's program**

Did you know that with Monash Arts, you can graduate with a bachelors and masters degree in only four years? After completing two years of your bachelor's course, and providing you're a high-achieving student, you can take master's-level units as your electives in third-year.

You then complete the remainder of your master's course in fourth-year.

We have the largest offering of bachelor's/master's double degrees in Australia, allowing you to match your bachelor's degree with a master's degree in one of the following:

- Applied Linguistics
- Bioethics
- Communications and Media Studies
- Cultural and Creative Industries
- International Development Practice
- International Relations
- International Sustainable Tourism Management
- Interpreting and Translation Studies
- Journalism
- Public Policy
- Strategic Communications Management.

Contact Monash Arts at monash.edu/arts for more information.

The Global Immersion Guarantee

As a Monash Arts student, you'll have access to our award-winning Global Immersion Guarantee – a guaranteed¹ funded overseas experience to China, Italy, India, Indonesia or Malaysia. A new benchmark in globally focused education, you'll have the opportunity to spend two weeks studying overseas, with airfares and accommodation all covered as part of your Monash Arts degree.

Bachelor of ARTS

COURSE CODE: A2000

The Bachelor of Arts is designed to give you maximum flexibility and choice. You can choose from over 30 areas of study to build a genuinely transformative experience. The course is built around deeply enriching experiences, and via your elective units, offers you four professional future domains through which to develop your unique graduate profile.

You can choose from local and international internships, professional engagements and entrepreneurial opportunities, and the choice of more than 50 global immersion programs, preparing you to live and work in complex and culturally diverse environments, while building a community of like-minded peers.

¹ Eligibility requirements apply: first-year students in a Monash Arts single or double degree, in good academic standing, who've undertaken 24 points of credit (including a minimum of 12 points in arts) and have passed all their arts units.

² The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E). RC – Range of criteria.

³ This guarantee does not apply to the Law Pathway which requires an ATAR of 90+.

⁴ For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study

⁵ This double degree isn't available with all specialisations; see monash.edu/study for full details.

⁶ Also available as an extended major.

Bachelor of CRIMINOLOGY

COURSE CODE: A2008

Criminology is the study of crime and social control. Crime – how we define it, how we understand its causes and the ways we respond to it – provides a window into society's challenges, values and aspirations.

This course offers students a world-leading program delivered by a team of outstanding teachers and researchers. You'll consider the local, national and global aspects of crime and justice, and become familiar with a range of lenses for understanding and assessing the impact of society's changing responses to crime and justice.

You'll gain an understanding of victimisation and perpetration, inequality and its impacts, and approaches to understanding crime. Throughout the course you'll develop your capabilities via the key themes of expert knowledge, global reach and focus, and collaboration and innovation.

The Global Immersion Guarantee

You'll also have the opportunity to be part of the ground-breaking Global Immersion Guarantee fieldwork trip, see page 20 for more information.

Bachelor of ACCOUNTING

COURSE CODE: B2029

RANKED NO. 36 IN THE WORLD IN ACCOUNTING AND FINANCE

QS World University Rankings by Subject 2020

📍 Caulfield ⌚ 3 years → February and July

Accounting is more than a numbers game, and it's vital to business success. In this course, you'll gain solid technical skills across key areas such as information systems, corporate finance, auditing and assurance, financial reporting and data analysis.

As the largest business school in Australia, we can equip you with the broader business and advisory skills needed to build a successful accounting career.

Depending on your electives, this course could prepare you to meet the accounting accreditation requirements of:

- CPA Australia
- Chartered Accountants Australia and New Zealand
- The Institute of Public Accountants
- The Chartered Institute of Management Accountants
- The Association of Chartered Certified Accountants.

English: Level 1. **Maths:** Level 2. For prerequisite subject requirements, please refer to page 46.

Career options

Brand management, campaign analysis, digital marketing, market research, media planning, social media.

Get more from your Monash experience

Monash Business School offers:

- Access to professional placements, corporate projects and industry internships with some of the most influential companies in the world.
- You can enrol in programs for leadership, professional development and volunteering. And you can join professional societies for networking.
- You can even head overseas to participate in our industry-based study programs in Europe, Asia, USA or South America³.

Bachelor of EDUCATION (Honours)

COURSE CODE: D3001

📍 Clayton, Peninsula ⌚ 4 years* → February

DEGREE AWARDED

The degree you're awarded will reflect your chosen specialisation.

* This is a 4.25-year course taken as an accelerated course where you'll do the equivalent of 4.25 years of study in four calendar years.

Are you ready to change the world through education? Do you want to be the teacher your students remember? Choose to specialise in early childhood, primary or secondary education – or a combination of these – and graduate ready for a successful career.

Specialisations

Choose one of the following specialisations:

- Early childhood and primary education
- Primary education – studied as a single or double degree
- Primary and secondary education
- Primary and secondary inclusive education
- Primary and secondary health and physical education
- Secondary health and physical education
- Secondary education – studied as a double degree only.

Whichever specialisation you choose, you'll graduate with an honours degree. This will give you a higher-level qualification and a deeper understanding of your own professional practice. The degree you're awarded will reflect your chosen specialisation.

Double degrees

A double degree is a great option if you're interested in teaching but also want to gain expertise in another discipline. At Monash, you can choose from the following double degrees with either the Primary or Secondary Education specialisation: arts, business, fine art, music and science.

Pathways into Education

If you've narrowly missed the entry requirement for direct entry into an education degree, you can consider a pathway program such as the Diploma of Tertiary Studies or Diploma of Higher Education. On successful completion you can gain up to one year of credit towards a range of Monash education degrees.

Professional experience – local or global

Put your learning into practice by completing at least 80 days of professional experience during your course. You can stay local, head rural or overseas. You can be in a classroom or an integral part of a community program. Build your confidence and gain real-world experience so you're ready to teach when you graduate.

Career options

Community education, corporate training, curriculum development, health and fitness coaching, student welfare, school leadership, teaching.

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 30 in English (EAL) or 25 in English other than EAL. **Maths:** Units 1 and 2: satisfactory completion of two units (any study combination) of General Mathematics, Mathematical Methods or Specialist Mathematics; or Units 3 and 4: any mathematics.

IB

English: Level 1. **Maths:** Level 1. For prerequisite subject requirements, please refer to page 46.

Non-academic selection requirement – CASPer

All applicants are required to complete a mandatory online 90-minute computer-based test called CASPer, as part of the application process. For more information, visit monash.edu/education/takecasper

Post-enrolment requirements

During your degree you'll be required to meet some extra requirements:

- Working with Children check
- Literacy and Numeracy test.

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).

² For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study

³ This is dependent on international travel restrictions.

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E). RC – Range of criteria.

² For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study

³ This double degree is only available with the Fine Art specialisation.

Bachelor of ENGINEERING (Honours)

COURSE CODE: E3001

Clayton 4 years → February, July¹ and November

DEGREE AWARDED

The degree you're awarded will reflect your chosen specialisation.

Engineers are collaborative and creative problem-solvers who design technology and develop innovative solutions across a vast range of areas including: advancing technologies for clean water, green energy, high-speed communications and transportation, advanced healthcare devices, reliable autonomous systems and safe, smart sustainable products, homes and cities, and more.

At Monash, one of Australia's leading engineering schools, you'll apply maths and science in a practical way, and work in teams to develop new technologies and improve existing ones.

You'll also have access to our new interactive and collaborative learning spaces, including the Monash Makerspace and the smart technology-enabled Woodside Building for Technology and Design.

At Monash, we've created an engineering program that gives you maximum choice and flexibility. You'll study a common first year, where you'll get a taste for each of the 10 specialisations² Monash offers before deciding which one to pursue from your second year.

You'll also have the opportunity to choose from a range of minors from emerging engineering fields, such as artificial intelligence and smart manufacturing, to complement your specialisation and expand your career opportunities³.

Specialisations

- Aerospace engineering
- Biomedical engineering^{2, 5}
- Chemical engineering
- Civil engineering
- Electrical and computer systems engineering
- Environmental engineering
- Materials engineering
- Mechanical engineering
- Robotics and mechatronics engineering
- Software engineering.

The degree you're awarded will reflect your chosen specialisation.

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. **Maths:** Units 3 and 4: a study score of at least 25 in Mathematical Methods (any) or Specialist Mathematics. **Science:** Units 3 and 4: a study score of at least 25 in Chemistry or Physics.

IB

English: Level 1. **Maths:** Level 3. **Science:** Chemistry or Physics only. For prerequisite subject requirements, please refer to page 46.

Career options

Advanced manufacturing, aerospace, automation, defence, design and construction, energy and power generation, environment and sustainability, financial services, food and agriculture, infrastructure, management consulting, medical equipment and device design, mining, renewable energy, research and development, robotics and autonomous systems, software systems and IT services, start-up technology development, sustainable resources, traffic and transport, tunnelling, unconventional resources, water management and recycling.

Biomedical Engineering^{2, 5}

New in 2021, you can now design the future of healthcare by choosing Biomedical Engineering as one of your specialisation options.

Co-operative Education Program

Complete a three, six or 12-month paid Co-operative Education Program internship to kick-start your engineering career. Learn practical engineering skills, gain real-life insights into the workforce, build industry connections and graduate job-ready.

Bachelor of COMPUTER SCIENCE

COURSE CODE: C2001

Clayton 3 years → February and July

DEGREE AWARDED

The degree you're awarded will reflect your chosen specialisation.

Computer scientists drive everything from search engines to daily weather reports, animation, cybersecurity and scientific discoveries. When you study computer science, you'll develop the skills to design data structures, develop algorithms, and create software to solve real-world computational challenges.

Specialisations

- Advanced computer science
- Data science.

IB

English: Level 1. **Maths:** Level 3. For prerequisite subject requirements, please refer to page 46.

Career options

Database administrator, data analytics specialist, forensic computer analyst, IT consultant, machine learning engineer, software developer, specialist programmer.

Accredited by the Australian Computing Society.

DID YOU KNOW?

We're ranked in the world's top 100 for 'Computer Science and Information Systems'.

(QS World University Rankings by Subject, 2020)

Bachelor of COMPUTER SCIENCE ADVANCED (Honours)

COURSE CODE: C3001

Clayton 4 years → February

DEGREE AWARDED

The degree you're awarded will reflect your chosen specialisation.

This honours version of the Bachelor of Computer Science is for high-achieving students who have a research focus. It offers you all the benefits of the advanced computer science or data science specialisation, plus a stream of hands-on projects that engage you in research.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Computer Science Advanced (Honours)	4	96	37	90

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. **Maths:** Units 3 and 4: a study score of at least 25 in either Mathematical Methods (any) or Specialist Mathematics.

IB

English: Level 1. **Maths:** Level 3. For prerequisite subject requirements, please refer to page 46.

Career options

Chief information officer, data architect, data engineer, IT consultant, scientific researcher, specialist programmer, technical analyst.

Gain real-world industry experience

The Industry-based Learning program offers a unique opportunity for all undergraduate IT students to enhance their education through a practical placement with one of our leading global or Australian industry partners.

Apply key concepts from class in a practical, corporate setting and develop sought-after skills through an industry placement that counts towards your degree.

¹ Please note that July intake admission into the Robotics and mechatronics specialisation will require that you undertake a bespoke course progression due to sequencing. The department course adviser will work with you to formulate a progression to suit your academic preparation.

² The common first year is not available for the Biomedical engineering specialisation. Apply directly to the Bachelor of Biomedical Engineering if you intend to choose this specialisation.

³ Please refer to monash.edu/study for further details on which minors can be undertaken within individual specialisations.

⁴ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).

⁵ Please note that there are different scores required for entry into Biomedical Engineering (Honours). Please see page 48 for further details.

⁶ For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Double degrees are only available for some engineering specialisations; see monash.edu/study for full details. Course codes and CRICOS codes for double degrees are available at monash.edu/study. Higher entry requirements apply for the Engineering (Honours)/master's accelerated pathway. See monash.edu/study for further details.

⁷ The accelerated master's pathway is not available with all specialisations.

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).

² For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study

³ NA double degree with Engineering is only available with the Advanced computer Science specialisation, and can only be studied as a double degree with specific Engineering specialisations; see monash.edu/study for full details.

Bachelor of INFORMATION TECHNOLOGY

COURSE CODE: C2000

📍 Clayton ⌚ 3 years → February and July ✓ 📄

IT is everywhere, but its power comes from the experts who create the IT systems upon which we all rely. This highly practical course gives you the problem-solving skills to drive the ongoing revolution in the way we communicate, conduct business and experience the world.

At our leading IT faculty, you'll learn from the best in an innovative environment.

Our comprehensive range of majors, minor and double degrees give you the flexibility and choice to develop your strengths and explore new areas.

Apply for our Industry-based Learning program and gain professional experience with industry placements that count towards your degree.

Bachelor of LAWS (Honours)

COURSE CODE: L3001

📍 Clayton ⌚ 4.25 years* → February ✓ 📄

* This is a 4.25-year course taken as an accelerated course where you'll do the equivalent of 4.25 years of study in four calendar years.

Whether you aspire to work in a top-tier law firm, in a multinational corporation or as an advocate for justice, take the first step with Monash Law. Law teaches you how to think critically, analyse complex problems and articulate solutions. These skills are demanded by employers across multiple roles and industries. Monash Law graduates are among the highest-earning and most employable professionals in Australia and around the world.

At Monash, we have the largest range of elective units of any law school in Australia so you can customise your degree and pursue areas of study that you're passionate about.

Bachelor of BIOMEDICAL SCIENCE

COURSE CODE: M2003

📍 Clayton ⌚ 3 years →] February

DEGREE AWARDED

Bachelor of Biomedical Science, or
Bachelor of Biomedical Science (Scholars (Program)).

By studying biomedical science, you'll explore the various body systems and the interactions between organs, issues and cells, as well as the complex processes that occur to allow us to function and develop normally. You'll also learn how disruption of these processes can lead to disease and you'll gain an understanding of how this knowledge fits into the big picture of human health.

Design your own degree: you'll complete a specialised program and explore electives based on your interests, in areas like biochemistry, immunology and physiology. You can even choose subjects in business or law, to diversify your degree.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Biomedical Science	3	90	33	85
Biomedical Science (Scholars Program) ³	3	98.05	40	N/A

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. **Maths or Science:** Units 3 and 4: a study score of at least 25 in Mathematical Methods (any), Specialist Mathematics or Physics. **Science:** Units 3 and 4: a study score of at least 25 in Chemistry.

IB

English: Level 1. **Maths or Physics:** Level 3. **Science:** Chemistry. For prerequisite subject requirements, please refer to page 46.

Career options

Allied health, forensics, government sector, graduate medicine, media and communications, medical research and working in industry.

Scholars Program for high achievers

If you're a high-achieving student, you can apply for access to our Scholars Program, where you'll complete the same academic program as other students but also have access to a range of development opportunities.

Bachelor of HEALTH SCIENCES

COURSE CODE: M2014

📍 Caulfield ⌚ 3 years →] February

This course will give you a solid foundation in health science, a broad overview of healthcare, and skills in identifying, investigating, analysing and assessing health issues. This foundation allows you to tailor your course to pursue a variety of career paths in the health sciences.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Health Sciences	3	75.25	26	70

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL.

IB

English: Level 1. For prerequisite subject requirements, please refer to page 46.

Career options

Clinical research, dietetics, forensic sciences, government, health education, healthcare marketing, health promotion, nursing, occupational therapy, public health, social work.

Bachelor of MEDICAL SCIENCE AND DOCTOR OF MEDICINE

COURSE CODE: M6011

📍 Clayton ⌚ 5 years →] February

Monash is the only Victorian university to offer two entry points for students considering a career in medicine – one directly from school, and a graduate-entry pathway.

For school-leaver entry, the first two years are largely campus-based, although some city and rural clinical placements are possible. Interdisciplinary units introduce the basic medical and behavioural sciences of anatomy, biochemistry, genetics, immunology, microbiology, pathology, pharmacology, physiology, psychology and sociology.

If you're considering graduate-entry into Medicine, please go to our website for further information monash.edu/study

Entry requirements

COURSE	⌚	ATAR	IB	MG
Medicine	5	RC	RC	RC

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 35 in English (EAL) or 30 in English other than EAL. **Science:** Units 3 and 4: a study score of at least 30 in Chemistry.

IB

English: Level 2. **Science:** Higher score in Chemistry only. For prerequisite subject requirements, please refer to page 46.

Direct entry selection requirements

- You'll need to undertake the University Clinical Aptitude Test (UCAT)
- Interview – you may be invited to attend an interview based on your UCAT and ATAR results. For more information about the UCAT, please visit www.ucat.edu.au

Extra requirements

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check
- A current registered Level 2 First Aid certificate (by the end of the first semester of the course)
- Fieldwork/clinical expenses
- Registration with the Australian Health Practitioner Regulation Agency.

Career options

Cardiology, dermatology, emergency medicine, general practice, gynaecology, obstetrics, ophthalmology, paediatrics, pathology, psychiatry, radiology, surgery.

Bachelor of NURSING

COURSE CODE: M2006

📍 Clayton, Peninsula ⌚ 3 years →] February

Vibrancy and currency in research, and links to major teaching hospitals – Monash nursing graduates are sought-after worldwide. Acquire the skills to become a registered nurse who can provide leadership and care across the age spectrum, and gain the ability to provide care in multiple settings, including acute care, primary healthcare and health promotion.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Nursing (Clayton)	3	77.05 RC	26 RC	70 RC

Nursing (Scholars Program) (Clayton)	3	90.05 RC	33 RC	N/A
Nursing (Scholars Program) (Peninsula)	3	90.80 RC		

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. **Maths:** Units 1 and 2: satisfactory completion in two units (any study combination) of General Mathematics, Mathematical Methods or Specialist Mathematics; or Units 3 and 4: any mathematics.

IB

English: Level 1. **Maths:** Level 1. For prerequisite subject requirements, please refer to page 46.

Extra requirements²

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check
- Awareness of drugs administration policy relevant to your particular year of study
- Fieldwork/clinical expenses.

Career options

Acute hospital care, aged care, community-based care, medical and surgical, mental health, rehabilitation, palliative care, paediatrics and other specialities.

Bachelor of Nursing Scholars Program

The Bachelor of Nursing Scholars Program has been designed for high-performing students interested in nursing. The point of difference from the Bachelor of Nursing is the additional engagement in an academic support program.

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E). RC – Range of criteria.

² For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study

³ Higher entry requirements and prerequisites apply for the Biomedical Science (Scholars Program). See page 48 for further details or go to monash.edu/study

⁴ This double degree isn't available with all specialisations; see monash.edu/study for full details.

⁵ The 'genetics and genomics' major, minor and extended major are not available in the double degree course Bachelor of Science and Bachelor of Biomedical Science.

Bachelor of NURSING AND MIDWIFERY (Honours)

COURSE CODE: M3007

Peninsula 4 years February

Nurses and midwives are among the most valued members of any community. The versatility of the nurse and midwife is increasingly important in Australian and international health services. This joint qualification makes you highly employable in many practice settings, including rural and remote areas where being a multi-skilled practitioner is highly valued.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Nursing and Midwifery (Honours)	4	91.45 RC	33 RC	82 RC

Extra requirements³

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check
- Awareness of drugs administration policy relevant to your particular year of study. Refer to the faculty's clinical guidelines webpage.

Career options

Acute hospital care, aged care, community-based care, mental health, rehabilitation, midwifery (including antenatal, birth and postnatal care).

Bachelor of NUTRITION SCIENCE

COURSE CODE: M2001

Clayton 3 years February

DEGREE AWARDED
 Bachelor of Nutrition Science, or Bachelor of Nutrition Science (Scholars Program)

In this course you'll explore the multi-faceted discipline of human nutrition, gain an appreciation of the broad scope of food in society, develop an in-depth knowledge of nutritional and biomedical science, and understand the role of nutrition in health and disease.

As you progress through the course you'll have the opportunity to undertake a work placement in a nutrition-related industry, work alongside nutrition researchers on a project, or apply for the opportunity to study nutrition overseas at a partner university.

As the only Australian course accredited by the UK Association for Nutrition, our graduates can register and pursue international professional nutrition careers in the UK.

A pathway to graduate studies

Both the Bachelor of Nutrition Science (Scholars Program) and Bachelor of Nutrition Science provide a pathway to our Master of Dietetics which is accredited by Dietitians Australia and enables graduates to apply for accreditation as dietitians.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Nutrition Science	3	76.50	26	70
Nutrition Science (Scholars Program)	3	92.10	34	N/A

Prerequisite studies

VCE
English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. **Science:** Units 3 and 4: a study score of at least 25 in Chemistry or Biology.

IB⁴
English: Level 1. **Science:** Chemistry or Biology only. For prerequisite subject requirements, please refer to page 46.

Extra requirements

- Working with Children Check.

Career options

Dietetics, food industry, food science, government and non-government agencies, nutrition research, public health nutrition, sports nutrition.

Scholars Program for high achievers
 If you're a high-achieving student, you can apply for access to our Scholars Program, which provides a range of extracurricular opportunities to engage with research staff and guaranteed entry to the 1.5-year Master of Dietetics if you maintain a grade average of 60 per cent or above.

Bachelor of OCCUPATIONAL THERAPY (Honours)

COURSE CODE: M3001

Peninsula 4 years February

Occupational therapists help people participate to their fullest potential in self-care, play, leisure, education, work, sleep or social activities, as well as promote health and wellbeing.

Our course is accredited by the Occupational Therapy Council Limited, and is recognised by the World Federation of Occupational Therapy which can open up doors for you to work in other countries (each country has its own registration requirements for overseas graduates).

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Occupational Therapy (Honours)	4	85.10	30	78

IB
English: Level 1. For prerequisite subject requirements, please refer to page 46.

Extra requirements

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check

Career options

Addiction services, aged care, early intervention programs, education, ergonomics, hand therapy, mental health, neurology, oncology, orthopaedics, paediatrics, primary health care, private practice, public health, research, palliative care, rehabilitation, vocational rehabilitation/return-to-work.

DID YOU KNOW?
 If you're a high-achieving undergraduate student, you'll have the potential to enrol in our Honours research stream, which provides you with the opportunity to engage with research staff and complete a thesis.

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E). RC – Range of criteria.
² While not prerequisite subjects, it's recommended that you undertake VCE Units 3 and 4 of at least two of the following: biology, chemistry, geography, health and human development, psychology or physical education.
³ Underage applicants who are unable to meet the mandatory compliance requirements, due to their age by the time of the first placement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information, monash.edu/medicine/study/student-services/mandatory-compliance

Bachelor of PARAMEDICINE

COURSE CODE: M2011

Peninsula 3 years February

In this challenging and dynamic course, you'll study the structure and function of the human body, human development across the life span, and disease processes. You'll also develop core knowledge and skills to treat cardiovascular, respiratory, mental health, traumatic and medical emergency presentations, and learn specific care of maternal, neonatal, geriatric and paediatric patients.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Paramedicine	3	86.50	31	75

Prerequisite studies

VCE
English: Units 3 and 4: a study score of at least 30 in English (EAL) or 25 in English other than EAL. **Maths:** Units 3 and 4: a study score of at least 22 in one of Mathematical Methods (any) or Specialist Mathematics, or 25 in Further Mathematics.

IB
English: Level 1. **Maths:** Level 2. For prerequisite subject requirements, please refer to page 46.

Extra requirements³

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check
- Ambulance Victoria medical and fitness prerequisites; visit www.ambulance.vic.gov.au for details.

Career options

Paramedic in national and international ambulance services, private services, industry or community-based emergency health services.

A pathway to graduate studies
 We offer the only paramedic course from a Group of Eight University. Following the completion of your degree, you'll have the opportunity to undertake the Master of Specialist Paramedic Practice. Monash University has been a leader in graduate education and training for the intensive care paramedic role, as well as within the field of aeromedical retrieval.

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E). RC – Range of criteria.
² In addition to meeting the VCE English prerequisite, applicants must demonstrate English language proficiency either by providing a written declaration that English is their primary language or evidence that they have achieved the minimum English language test results as specified in the Nursing and Midwifery Board of Australia's (NMBA) English language skills registration standard. Information on this requirement can be found at monash.edu/study.
³ You'll undertake some online assessments throughout the course. To access these courses you'll need to download specific software that requires a webcam. If you don't have a webcam available, you will need to undertake the online assessments on campus in the computer lab or library.

Bachelor of PHYSIOTHERAPY (Honours)

COURSE CODE: M3002

Peninsula 4 years February

Prepare to flourish in one of the most in-demand healthcare professions. A degree in physiotherapy prepares you to work independently or as part of a team of healthcare professionals. You'll gain the skills to practise as a physiotherapist, using exercise, movement analysis, manual therapy and specialist techniques to restore, improve and promote health. After completing your degree, you'll be eligible to apply for registration to the Physiotherapy Board of Australia.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Physiotherapy (Honours)	4	96.20	37	93

Prerequisite studies

VCE
English: Units 3 and 4: a study score of at least 35 in English (EAL) or 30 in English other than EAL. **Science:** Units 3 and 4: a study score of at least 25 in two of Biology, Chemistry, Mathematical Methods (any), Specialist Mathematics or Physics.

IB
English: Level 2. **Science/Maths:** two of chemistry, biology, physics or Level 3 maths. For prerequisite subject requirements, please refer to page 46.

Extra requirements

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check.

Career options

Public health, private practice, sports physiotherapy, rehabilitation, paediatrics, research.

Bachelor of PSYCHOLOGY (Honours)

COURSE CODE: M3005

Clayton 4 years February

Designed for those with a passion for understanding human cognition and behaviour, this course provides a comprehensive education in human psychology – from normal to abnormal psychology, and from the genetic/molecular level to the individual and group-behavioural level.

If you successfully complete the first three years (144 points) of the course but don't meet the academic standard hurdle for the fourth year you'll graduate with the Bachelor of Psychological Science. You may then apply for other fourth-year psychology programs at Monash, in particular, the Graduate Diploma in Professional Psychology or the Graduate Diploma in Psychology Advanced.

Entry requirements

COURSE	⌚	ATAR ²	IB ²	MG
Psychology (Honours) ¹	4	87.60	31	78

Prerequisite studies

VCE
English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL.

IB
English: Level 1. For prerequisite subject requirements, please refer to page 46.

Career options

Clinical neuropsychology, clinical psychology, educational and developmental psychology, health services, human resources and management, not-for-profit organisations, organisational psychology, protective services, research, social services.

Bachelor of PUBLIC HEALTH

COURSE CODE: M2012

Caulfield 3 years February

From promoting good health, through to preventing disease and managing illness and disability, public health focuses on populations and communities rather than on individuals. This course focuses on developing, implementing and evaluating programs and policies to promote health and prevent disease and injury, as well as undertaking public health research.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Public Health	3	89.70	32	75

Prerequisite studies

VCE
English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. **Maths:** Units 3 and 4: a study score of at least 22 in Mathematical Methods (any) or Specialist Mathematics, or a score of at least 25 in Further mathematics.

IB
English: Level 1. **Maths:** Level 2. For prerequisite subject requirements, please refer to page 46.

Career options

Clinical research, disease prevention, government services, health planning and management, health promotion, non-government organisations, practice and policy, social work.

Bachelor of RADIATION SCIENCES

COURSE CODE: M2017

Clayton* 3 years February

DEGREE AWARDED
Bachelor of Radiation Sciences
Bachelor of Radiation Sciences (Informatics).

* Some units will be taught at Caulfield campus.

Radiation therapy is an exciting and engaging healthcare field that uses ionising radiations for the treatment of cancer and benign conditions. Studying radiation sciences at Monash allows you to combine scientific and technical knowledge with studies in health and patient care, and prepares you for an 18-month graduate master's program in radiation therapy.

Specialisations

- Radiation Sciences
- Informatics – combines radiation sciences with IT application and knowledge.

Entry requirements

COURSE	⌚	ATAR ¹	IB ¹	MG
Radiation Sciences	3	86.40	31	80
Radiation Sciences – Informatics specialisation	3	E: 86.40	E: 31	

Prerequisite studies

VCE
English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. **Maths:** Units 3 and 4: a study score of at least 25 in Mathematical Methods (any) or Specialist Mathematics, or a score of at least 30 in Further Mathematics.

IB
English: Level 1. **Maths:** Level 3. For prerequisite subject requirements, please refer to page 46.

Extra requirements²

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check

Career options

Challenging and fulfilling opportunities await those who successfully complete the program. There's an increasing demand for adaptable radiation therapists in response to the ageing population, expansion of services in regional Australia, and organic growth of the industry.

Gain general registration as a radiation therapist³

If you're interested in becoming a registered radiation therapist through the Medical Radiations Practice Board of Australia (MRPBA), you'll need to complete additional studies – for example, Monash's Master of Radiation Therapy. Once you've successfully completed this master's, you'll then be eligible to register with the MRPBA.

For more information, visit monash.edu/study/courses/find-a-course/2020/radiation-therapy-m6004

¹ Students must normally complete 144 credit points and achieve a minimum of a distinction (70 per cent) average in PSY3041, PSY3051, PSY3032 and PSY3062 in order to proceed to the fourth year of study.

² The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).

² These extra requirements only apply to students who undertake placement electives.

³ Some options may require additional study.

Bachelor of RADIOGRAPHY AND MEDICAL IMAGING

COURSE CODE: M3006

📍 Clayton
🕒 4 years
➔ February
✅

This course is designed to develop expert skills to become a registered radiographer, enabling patient diagnosis and management by using X-rays – including CT scanning, ultrasound and magnetic resonance imaging (MRI) – to create diagnostic images for analysis and interpretation.

Radiographers are also responsible for implementing best-practice imaging protocols. The program is designed to allow closely related integration between the classroom and the clinical workplace.

Entry requirements

COURSE	🕒	ATAR ²	IB ²	MG
Radiography and Medical Imaging (Honours)	3	97.10	38	93

Prerequisite studies

VCE
English: Units 3 and 4: a study score of at least 35 in English (EAL) or 30 in English other than EAL. **Maths:** Units 3 and 4: a study score of at least 25 in one of Mathematical Methods (any) or Specialist Mathematics. **Science:** Units 3 and 4: a study score of at least 25 in Biology or Physics.

IB
English: Level 2. **Maths:** Level 3. **Science:** Physics or biology only. For prerequisite subject requirements, please refer to page 46.

Extra requirements³

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check
- Level 1 First Aid certificate.

Career options⁴

Application specialist, nuclear medicine, private practice, public health, radiography, research, sonography.

Bachelor of PHARMACEUTICAL SCIENCE

COURSE CODE: P2001

📍 Parkville
🕒 3 years
➔ February

In 2020, Monash was ranked No.2 in the world for pharmacy and pharmacology¹ (only Oxford ranked higher). Under the guidance of expert academics, you'll study the chemistry, biology, biomedicine and delivery technology of medicines and improve human health by learning how to develop more reliable, accessible and effective medicines.

We offer a hands-on course where you'll gain the technical and professional skills that will enable you to put your knowledge into practice.

Monash's long-standing relationships with major employers in the pharmaceutical sector and related industries will put you in a competitive position where you'll graduate armed with the skills employers are looking for.

Entry requirements

COURSE	🕒	ATAR ²	IB ²	MG

Scholars Program
 If you're a very high-achieving student, you can access our Scholars Program. This provides exclusive learning opportunities, like seminars normally only open to staff and PhD students, and a \$6000-per-year bursary.

¹ Ranked No. 2 for pharmacy and pharmacology, QS World University Rankings by subject, 2020.
² The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an Estimate (E).
³ Higher entry requirements apply for the Pharmacy (Honours) (Scholars Program) and Master of Pharmacy; see page 49.

Bachelor of PHARMACY (Honours) and Master of PHARMACY

COURSE CODE: P6001

📍 Parkville
🕒 5 years
➔ February
✅

DEGREE AWARDED
 Bachelor of Pharmacy (Honours)
 Bachelor of Pharmacy (Honours) and Master of Pharmacy, or
 Bachelor of Pharmacy (Honours) (Scholars Program) and
 Master of Pharmacy.

In 2020, Monash ranked No. 2 in the world for pharmacy and pharmacology¹ (only Oxford ranked higher).

As the experts in medicines, pharmacists play a vital role in improving the health of their communities. You'll learn about how the body works, how medicines work, what pharmacists do, and how to provide comprehensive care as part of a team of health professionals. You'll also undertake extensive work placements in community pharmacies, hospitals and other environments.

Monash offers the Australia's only integrated bachelor and master of pharmacy. It takes no longer to qualify than any other pharmacy course, but you graduate with a higher-level qualification.

Entry requirements

⁴ Some career options may require additional study.
⁵ For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at [monash.edu/study](https://www.monash.edu/study)
⁶ Only available with the chemical engineering specialisation; see [monash.edu/study](https://www.monash.edu/study)

Bachelor of APPLIED DATA SCIENCE

COURSE CODE: S2010

Clayton 3 years → February

We live in a time where information and knowledge have never been more abundant. The decisions that shape our future will rely on graduates who can extract meaning from large volumes of data and transmit it to community and industry leaders.

The Bachelor of Applied Data Science is a program of study that equips you with the skills necessary to provide solutions to a wide range of problems. You'll bring together key skills in information technology and mathematics, and apply these to real-life projects.

This unique blend of skills will empower you to apply data science to a wide range of industries, making you a highly desirable problem-solver.

Entry requirements

Bachelor of APPLIED DATA SCIENCE ADVANCED (Honours)

COURSE CODE: S3003

Clayton 4 years → February

The advent of big data is creating the need for a unique set of skills. This advanced program is designed to equip you with the necessary skills to provide solutions to a wide range of problems.

This four-year specialist course will develop your technical know-how in approaching these challenges. A new and specially designed stream of units will harness core skills in data science and mathematics for a series of authentic, interdisciplinary problem-solving challenges. From the first year of the course, you'll also complete a series of studio-based units where you'll apply the knowledge you've developed to real-world projects. In the final year, you'll synthesise the knowledge acquired during the program in an individual research project.

ADMISSIONS AND APPLICATIONS

HOW TO APPLY

Semester 1 entry – apply through VTAC

If you're aiming for semester 1 entry into undergraduate courses at Monash, you must apply via the Victorian Tertiary Admissions Centre (VTAC) at www.vtac.edu.au, unless specified in this course guide. VTAC applications open in August each year.

Semester 2 entry – apply to Monash University

If you're applying for mid-year entry, you must apply directly to Monash.

monash.edu/admissions/apply/online

Requirements

To be considered for an undergraduate course, you need to meet Monash's entry and course-specific requirements, as well as the English language minimum prerequisites. Some parts of these, such as VCE study scores and extra requirements, are subject to change, so check the Monash website for the most up-to-date information on the course for which you're applying. Meeting the minimum requirements doesn't guarantee entry to a course, as there may be more applicants than places available.

monash.edu/study

FEES

We're committed to providing you with an ever-evolving, modern, student experience where you can take charge of your studies while being guided by highly qualified educators who are informed by, and engaged with, industry and the community.

We're investing in innovative learning environments to deliver collaborative, contemporary and flexible learning opportunities. We embrace the opportunities offered by technology and innovation, and embed them in our teaching, in order to prepare you for any career you pursue, including those that aren't yet created.

Our blended learning environment – physical, digital and virtual – prepares you for the workplace, and makes your time at Monash both satisfying and transformative. This underlines our philosophy that the Monash experience extends far beyond university.

In setting our fees, we take into account various factors, including the Consumer Price Index, teaching costs, market trends, demand for expertise, and competitor pricing. We acknowledge that gaining an internationally recognised qualification comes at a cost, but we ensure that the price of our degree programs mirror the true cost of delivering a premium educational experience where you'll learn from some of the finest minds in the world.

Deferment

At Monash, you're allowed to defer your course for up to 12 months. Deferment for longer than a year may be considered in exceptional circumstances – for example, financial difficulties or compulsory military service.

Some courses don't allow you to defer your studies – please contact the faculty of your chosen course for advice if needed. Scholarship holders should also check the conditions before applying, as not all scholarships can be deferred.

Applications for deferment need to be made on the web enrolment systems, or on a deferment application form and lodged with the relevant faculty before the end of the specified enrolment time.

monash.edu/admissions/study-options/defer

Commonwealth Supported Places

In the Australian higher education system, Australian citizens, New Zealand citizens and Australian permanent visa holders who'll undertake a course of study in Australia are considered domestic students and are eligible for a Commonwealth Supported Place (CSP).

A CSP is a subsidised enrolment where the government pays for part of your course and you only have to pay the Student Contribution Amount (SCA).

Each unit of study is classified into a student contribution band, depending on the study area of the unit (this may be different from the study area of your course). The amount you pay for your unit of study is usually the maximum allowed by the government for that band.

Eligible CSP students may use a HECS-HELP loan to pay for all or part of the SCA.

monash.edu/enrolments/government-loans/commonwealth-supported-place

monash.edu/fees

Student Services and Amenities Fee (SSAF)

Students enrolled at Monash University in a CSP are also charged a Student Services and Amenities Fee (SSAF).

In 2021, the maximum SSAF was \$313; this fee may differ in 2022.

Eligible students may use a SA-HELP loan to pay for all or part of the SSAF.

monash.edu/fees/fee-types/amenities

¹ The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).

ACADEMIC PREREQUISITE LEVELS

All Monash undergraduate courses require you to have previously studied and achieved required standards in certain specified subjects.

The table below outlines the prerequisite levels and subjects.

⁷ The Bachelor of Education (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete the course in four calendar years.

⁸ The accelerated master's pathway is not available with all specialisations. Please see monash.edu/study for more information.

⁹ The Bachelor of Laws (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete the course in four calendar years.

¹⁰ The first part of study commences in Caulfield, and then moves to Clayton.

DOUBLE YOUR OPTIONS WITH A DOUBLE DEGREE

A Monash double degree course allows you to study towards two degrees at the same time.

What is a double degree course?

Monash offers two types of double degrees: a double undergraduate degree and an undergraduate/graduate double degree. A Monash double undergraduate degree course allows you to study towards two degrees at the same time. This means you can keep your options open, develop expertise in different but complementary areas, or simply pursue two areas of interest in greater depth. You'll be awarded with two testamurs, one for each degree completed.

Double undergraduate degree

How long does it take?

A double undergraduate degree course takes two years less to complete than studying towards the two degrees separately. This is because the required units in one course count as electives in the other. For example, if you decide to take a Bachelor of Engineering (Honours) and a Bachelor of Commerce, it'll take you five years instead of seven. Therefore, you would take all the common core units for engineering as well as your 18 units of specialisation. You'll also take all the prescribed core units in commerce as well as eight units that make up your commerce major. So not only will you save two years of time, you'll also save two years of course fees.

Sample course map

Year 1				
Semester 1	Engineering	Engineering	Engineering	Engineering
Semester 2	Engineering	Engineering	Commerce	Commerce
Year 2				
Semester 1	Engineering	Engineering	Engineering	Engineering
Semester 2	Economics	Commerce	Commerce	Commerce
Year 3

Semester 2	Economics	Economics	Economics	Commerce
Year 5				
Semester 1	Engineering	Engineering	Engineering	Engineering
Semester 2	Engineering	Engineering	Commerce	Commerce

Bachelor's/master's double degree courses

Some double degree courses incorporate both an undergraduate and graduate element. After five years you'll graduate with both a bachelor's and a master's degree. These courses, covered entirely by Commonwealth Supported Place (CSP) funding, are:

- Bachelor of Medical Science and Doctor of Medicine
- Bachelor of Pharmacy (Honours) and Master of Pharmacy.

In addition, the Bachelor of Arts (page 20) and the Bachelor of Engineering (Honours) (page 30) offer accelerated master's pathways that enable you to complete an expert master's course with only one further year of study.

Sample course map – double arts bachelor's/arts master's accelerated pathway

Year 1*				
Semester 1	Arts Major	Arts Minor 1	Arts Elective 1	Elective
Semester 2	Arts Major	Arts Minor 2	Arts Elective 2	Elective
Year 2*				
Semester 1	Arts Major	Arts Minor 3	Arts Elective 3	Elective
Semester 2	Arts Major	Arts Major	Arts Minor 4	Elective
Year 3*				
Semester 1	Arts Major	Arts Major	Master Part B	Master Part B
Semester 2	Arts Major	Arts Elective 4	Master Part B	Master Part B
Year 4				
Semester 1	Master Part C	Master Part C	Master Part C	Master Part C
Semester 2	Master Part C	Master Part C	Master Part C	Master Part C

* Under this arrangement, years one to three, including the four master's units, are covered by CSP funding. The final fourth year is the standard full-fee master's program.

Entry requirements

Some double degree courses may require you to study across two campuses in order to complete your course. To be eligible for admission to a double degree course, you'll need to meet the academic entry requirements for both single degree courses. For example, if you're applying for the Bachelor of Laws and Bachelor of Music double degree, you'll need to satisfy the subject prerequisites for both courses as well as any range of criteria requirements that apply for either of the courses. The back tables in this brochure provide a guide to the overall score, or an estimate, required for admission in 2020. All scores are to be used as a guide only. See page 52 for full entry requirements.

2 Available only with the formulation science specialisation.

DOUBLE DEGREE COURSES AT A GLANCE

Monash University has the largest offering of double degrees in Australia.

For admission to double degree courses, generally the higher requirements for the two component single degree courses is a good indicator of the likely requirements for the double degree course.

In each case you should expect to meet the entry level of each of the single degree courses. Some double degree courses may require you to study across two campuses in order to complete your course.

Where there's a range of criteria for one of the component courses, these criteria will still apply to the double degree course.

CL – Clayton | CA – Caulfield | CI – City | PE – Peninsula | PA – Parkville.
 RC – Range of criteria
 E – Estimated: the provided score is estimated and is to be used as a guide only.

¹ Duration is based on a standard full-time load of 48 credit points per annum.
² Science approved list: **VCE:** Biology, Chemistry, Environmental Science, Geography, Mathematical Methods (any), Specialist Mathematics, Physics or Psychology.
IB (SL or HL): Biology, Chemistry, Environmental Systems and Societies (SL only), Further Mathematics (HL only), Geography, Mathematics, Mathematics: Analysis and Approaches (HL only), Mathematics: Applications and Interpretations (HL only), Physics or Psychology.
³ Indicative – The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).
⁴ Depending on your Arts major, you may take the Arts component at Clayton or Caulfield.
⁵ This course has additional selection requirements; see monash.edu/study

⁸ The Bachelor of Laws (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete this double degree course in five calendar years.
⁹ The Bachelor of Laws (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete this double degree course in six calendar years.

GLOSSARY

Universities use some words you might not be familiar with. So to make sure nothing is lost in translation, we've put together a list of explanations.

Prerequisites

Previous study or other criteria required to gain admission into a particular course or unit.

Undergraduate course

The first level of tertiary studies at university, including diploma or bachelor degree courses.

Units

Subjects that make up your course are known as units.

Elective

A unit where you choose what unit to study. The choice may be from a specified list of units, or it may be a free elective where you can choose any unit within Monash providing you have the necessary entry requirements and there are no restrictions on enrolment in the unit.

Degree

The academic title you get when you complete a course of study. For example: Bachelor of Arts, Master of Business.

Double degree courses

Two courses studied concurrently with required units in one course being counted as elective units in the other. A double degree takes fewer years to complete than if you studied one after the other.

Comprehensive course

These courses allow you to select from a wide range of subjects within a broad field of study. You have the option to choose your major immediately or later, and you'll try a range of subjects in your first year before narrowing your focus in year two – while still having the opportunity to try new things – before finally committing to your major area of study.

Major

The main area(s) of study chosen in a comprehensive course, study in a single discipline, totalling 48 credit points (eight units) taken sequentially over three years. You don't need to declare your major when you enrol.

Extended major

An extended version of your major requiring you to study 72 credit points (12 units) over three years.

Minor

Study in a single discipline, totalling 24 points (four units).

Specialist course

A structured course usually focused on developing the knowledge and skills needed for professional practice in a specific field or profession.

Specialisation

Taken in specialist courses, a specialisation is a minimum of 12 units in a particular discipline, and provides an in-depth education in your chosen field. You must choose your specialisation when you enrol.

Honours

Honours may be an extra year of study at the end of your undergraduate degree. All of our four-year undergraduate courses include honours in their structure.

Graduate courses

Further study completed after you graduate with a bachelor's degree.

DISCOVER MORE TO CHANGE MORE AT OUR 2021 EVENTS

Monash Information Evenings

March to September

We'll be in your local area to answer your questions on everything you need to know about Monash, including our courses, accommodation, scholarships and student life.

monash.edu/information-evenings

Inside Monash

March to August

Get the inside story from our faculties about what it's really like to study at Monash.

monash.edu/inside-monash

Open Day

Open Day is your chance to experience what life at Monash is all about! You'll be able to explore our campuses, meet current students and staff, find out more about our courses, and get a taste of everything Monash has to offer.
